Is the SolarEdge Energy Hub inverter available?

Availability: This product is no longer available. The SolarEdge Energy Hub Inverter (Energy Hub Inverter) is a highly flexible, resilient single phase inverter that offers superior performance, maximum energy cost savings, built-in consumption monitoring and optional integration with battery, EV charging and smart energy solutions.

What is SolarEdge Energy Hub inverter with prism technology?

In June 2020, SolarEdge released the newest edition of their product line, the Energy Hub Inverter with Prism Technology. The Energy Hub is an energy-backup inverter that functions similar to a conventional string inverter but is battery-compatible.

What is the energy hub?

The Energy Hub is an energy-backup inverter that functions similar to a conventional string inverter but is battery-compatible. This means that the user can save unused solar energy during the day for later (i.e., the nighttime).

Is SolarEdge energy hub future-ready?

It is future-ready, enabling an ever-growing range of products to be added on to meet evolving household needs. SolarEdge Energy Hub 10.0kW 240 Volt AC Single Phase Energy Hub HD-Wave Inverter with Prism Technology - SE10000H-USSNBBL14 o EcoDirect offers SolarEdge optimizers online at the lowest cost! Order online or call us: 888-899-3509.
