What is the icon 100kW 215kwh battery storage system?

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety system all housed within a single outdoor rated IP55 cabinet.

What is a rack mount power supply?

Our rack mount power supplies deliver reliable, programmable DC power in a compact form factor that fits directly into standard 19" racks--making them ideal for ATE systems, production lines, and high-density test environments.

What is power conditioning system (sp100ell)?

Power Conditioning System (SP100ELL) is a bi-directional conversion system to convert power between static energy storage and grid or load with add-on features of power quality management. It provides real power and reactive power compensation to achieve power and frequency adjustment when the grid is in normal Condition.

Are Tektronix rack-mounted power supplies safe?

Tektronix rack-mounted power supplies aren't just high-performance--they're engineered for safety, automation, and system compliance right out of the box.
