What is A 500KW Megatron battery storage system?

500kW MEGATRON - 20 foot Containerized Commercial Battery Energy Storage System designed to for On-Grid and Renewable Energy Projects.

What is a p500e energy storage system?

The P500E has a modular design with a built-in STS and transformer. With the P500E, you can transfer energy bi-directionally to the battery, grid and DG, helping you to achieve more functionality and maximise the benefits of your energy storage system.

What is a p500l PV system?

The P500L has a modular design and its main role is to convert the DC power generated by the PV panels into AC power for integration into the grid or for local use. At the same time, the P500L is equipped with features such as Maximum Power Point Tracking (MPPT) to maximise the efficiency of the PV system.

ECE Energy's All-In-One solar battery storage cabinet: Professional solar ESS with 100kWh battery storage to 500kWh capacity. Versatile commercial solar storage solutions in one ...
