The 18650 battery is a cylindrical, rechargeable lithium-ion (Li-ion) cell, named for its dimensions: 18mm in diameter and 65mm in length. Renowned for its high energy density, long cycle life, ...

This advanced lithium iron phosphate (LiFePO₄) battery pack offers a robust solution for various energy storage applications. The ESS solution is a highly integrated, all-in-one, C& I Hybrid ...

Industrial-grade lithium ion battery cabinet featuring advanced thermal management, intelligent BMS, and modular design for reliable, scalable energy storage solutions. Ideal for renewable ...

Polarium's high voltage batteries are developed for larger scale energy storage. They are based on the same modular architecture and safety principles as our field-proven low voltage ...
