Where is ATESS based?

Based in Shenzhen,China,ATESS has a sophisticated and automated manufacturing plant. An international service network with offices and warehouses has been built in 5 continents to ensure fast shipping and after-sale service. Our product The ATESS solutions include all-in-one hybrid inverters,battery inverters and lithium battery solutions.

What is an all-in-one hybrid inverter?

All-in-one hybrid inverter combines solar and battery into one unit,with powers from 5kW to 150kW,allowing users to harness solar power,store excess energy,and use it during peak demand or outages. 15-20kW three-phase all-in-one hybrid inverter for small commercial use.

What is a 2-in-1 hybrid inverter?

ATESS's 2-in-1 hybrid inverter combines solar and battery into a single unit,enabling uninterrupted energy conversion and storage.

Why should you choose ATESS inverters & battery systems?

With advanced technology,ATESS inverters and battery systems help optimise solar power generation,reduce electricity costs,and provide energy independence. As one of Africa's leading ATESS suppliers,we understand the regions unique energy challenge.

Nov 24, 2025 · What Is a Hybrid Solar System? As the name suggests, a hybrid solar system is a solar system that combines the best characteristics from both grid-tie and off-grid solar ...

Our company is specialized in producing ATESS HPS100kW All-In-One Hybrid Inverter In Energy Storage System With Compact Design,We have a complete industrial chain with customers all ...
