Are genarmor generator covers waterproof?

The GenArmor Generator Covers While Running is a 100% waterproof heavy-duty tarp generator tent designed to protect your generator during outdoor use. With a sleek black color and universal fit for most 4000w~13000w generators, this portable enclosure ensures your equipment stays safe from the elements. Pros:

Cons:

Do I need a cover for my Generator in the rain?

If you plan on using your generator in the rain, a proper cover is non-negotiable. Whether you go with a purpose-built tent or build your own enclosure, protecting the engine and outlets from moisture is what keeps you--and your generator--alive.

Can I buy a generator Cabinet overseas?

Overseas sales are available. Generator Cabin Series: The generator cabinets are designed for general purpose for indoor and outdoor usage (with external /waterproof properties). For different customised generator cabin and container designs with special sizes from 500-2200 kVa contact our company, because it is special manufacture.
