Who is Black Mountain Energy Storage?

Leveraging cumulative decades of electric market experience, Black Mountain Energy Storage develops powerful, flexible, and strategically placed battery energy storage projects to foster a resilient electric grid. BMES' quickly expanding team of energy experts are fast actors in pipeline development of utility-scale energy storage solutions.

Can Black Mountain capitalize on the growing need for battery energy storage?

Agile, visionary, and well-funded, Black Mountain is well poised to capitalize on the growing need for battery energy storage.

Who is Black Mountain?

Agile, visionary, and well-funded, Black Mountain is an entrepreneurial community of energy operators that specialize in identifying and capturing high-growth opportunities in the global energy sector. Collectively, we have decades of expertise in sourcing, developing, and operating assets worldwide with a track record of delivering strong returns.

What makes Black Mountain a great partner?

Black Mountain has been an exceptional partner to work with and we are excited to throw our development, EPC and financing expertise behind these assets to move them across the finish line, affirming our commitment to developing resilient renewable energy resources throughout Texas.

Jan 16, 2025&nbsp;&#0183;&nbsp;&nbsp;Black Mountain Energy Storage is a team of energy experts who develop and operate battery energy storage facilities. Founded in ...

Mar 31, 2025&nbsp;&#0183;&nbsp;&nbsp;Black Mountain Energy Storage has established itself as a pioneering entity within the dynamic realm of energy storage solutions, focusing on both utility-scale and project ...

Jun 25, 2025&nbsp;&#0183;&nbsp;&nbsp;Black Mountain Energy Storage aims to develop utility scale energy storage solutions uniquely positioned to provide key grid reliability services required to support the ...

Jan 16, 2025&nbsp;&#0183;&nbsp;&nbsp;Black Mountain Energy Storage is a team of energy experts who develop and operate battery energy storage facilities. Founded in 2021, BMES was established to bring ...

Mar 27, 2025&nbsp;&#0183;&nbsp;&nbsp;California-headquartered developer esVolta has acquired a 150MW/300MWh standalone BESS in Texas from Black Mountain Energy ...

Three energy storage systems totalling 32MW, including two-hour and three-hour duration batteries, act as absorbers of surplus renewable energy on the grid. The other is a flexibility ...

Agile, visionary, and well-funded, Black Mountain is well poised to capitalize on the growing need for battery energy storage. Our highly experienced management team, strong financial ...

Jan 21, 2025&nbsp;&#0183;&nbsp;&nbsp;The newly acquired BESS will be built in two phases in Eastern Oklahoma to support multiple data centres already operational or in development in the area. Image: ...
