-----  
What is the best incentive for solar storage?

The best incentive for storage is the federal investment tax credit (ITC). The exact same ITC that provides a 30 percent credit on the cost of your solar system provides that same benefit to storage systems under certain conditions.

What are residential energy storage incentives?

The Residential Energy Storage Incentives are available for contractors' installing storage on a new or existing home in New York State. Incentives are available for up to 25 kWh of storage capacity. The Program Manual [PDF] provides a full list of project eligibility and requirements.

Are battery storage projects eligible for energy storage incentives?

The Program Manual [PDF] provides a full list of project eligibility and requirements. For battery storage systems above five MW of AC power, projects could be eligible for incentives through the Bulk Energy Storage Program. Additional details on both the Residential and Retail Energy Storage Incentive are available in the program manual [PDF].

Where can I find information about energy storage incentives?

Incentive details will be available on the Residential Energy Storage Incentive Dashboard and Retail Energy Storage Incentive Dashboard. The Residential Energy Storage Incentives are available for contractors' installing storage on a new or existing home in New York State. Incentives are available for up to 25 kWh of storage capacity.
