What is the largest natural gas fired GCC plant in the UAE?

The US\$1.14bn plant is using an efficient combined cycle technology in the region and will be the largest natural gas fired GTCC facility in the UAE, playing a crucial role in the country's power generation sector, while also contributing to the GCC's power grid.

Who owns the GTCC plant in Abu Dhabi?

These generators will be the core facility for the natural gas fired GTCC plant, owned and operated by Fujairah Power Company F3 LLC, a special purpose company (SPC) jointly owned by Abu Dhabi National Energy Company (TAQA) and Mubadala Investment Company, as well as Marubeni Corporation and Hokuriku Electric Power Company.

Is MKC implementing a joint production & service agreement in the UAE?

Currently, MKC Group of Companies has concluded a list of agreements and is implementing them within the framework of a joint production and service enterprise in the UAE, an exclusive distribution agreement for the design, trade and post-service maintenance of energy storage devices based on CATL battery solutions.

What is Mitsubishi Power's Jac-series gas turbine project?

This project is the first in the Middle East to utilize Mitsubishi Power's advanced JAC-Series gas turbines. "Since 1970, Mitsubishi Power has pioneered hydrogen fuel combustion technologies, and our recent large-scale and ambitious projects demonstrate our commitment and accumulated expertise in this field.
