Did Prime glass Ghana provide a curtain wall facade?

Prime Glass Ghana provided a curtain wall facade for our commercial building, and we are extremely impressed with the outcome. The team was reliable and efficient, completing the project on time and within budget. The new facade has greatly enhanced the building's appearance and energy efficiency.

What is a curtain wall system?

A curtain wall system is a non-load-bearing exterior wall that is designed to protect the building from the elements while also providing aesthetic appeal. Double glazing is a type of window or glass panel that is composed of two panes of glass separated by a layer of air or gas.

Who is prime glass Ghana?

At Prime Glass Ghana, we are your trusted partners in delivering premium glass and metal solutions for residential, commercial, and industrial projects. Located in the heart of East Legon, Accra, we pride ourselves on providing top-notch products and exceptional service.

Why should you choose prime glass Ghana?

The new facade has greatly enhanced the building's appearance and energy efficiency. We had aluminum windows installed by Prime Glass Ghana, and the craftsmanship is excellent. They paid great attention to detail and ensured that everything was perfect. The windows have significantly improved the energy efficiency of our home.
