What is a Feurer insulated container?

FEURER insulated containers offer the ideal solution for the transportation and storage of temperature-sensitive products. Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination.

What are passive V active containers for temperature-controlled logistics tower?

Passive v Active Containers for Temperature-Controlled Logistics Tower delivers proven physical and temperature protection for pharmaceutical and life science products. Our containers are designed to perform in all supply chains and storage facilities, regardless of the transport type or environment.

Why should you choose insulated containers?

Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination. With high-quality materials and sophisticated design, we combine excellent protection with easy handling and sustainable reusability

What types of insulated containers are available?

Our huge selection of shippers includes various sizes of EPS (Expanded Polystyrene), Fiberboard, PUR (Polyurethane) and VIP (Vacuum Insulated Panel) insulated containers. They are sold without refrigerants, but if you need those too, check out our Refrigerants pages here.

Built for optimal storage and transportation Foldable boxes offer the perfect combination of flexibility, durability, and space efficiency. The short sides of the upright folding container are ...

Insulated containers maintain a constant temperature to help protect temperature-sensitive materials during benchtop use, short- or long-term storage, or transport. Available in a variety ...
