Who makes uninterruptible power supplies?

The Groups is one of the best known and appreciated manufacturers of uninterruptible power supplies in the world: online UPS, rack UPS, industrial uninterruptible power supplies, single-phase and three-phase uninterruptible power supplies are just some of the types of products sold by groups.

What is an uninterruptible power supply (UPS)?

Uninterruptible power supplies (UPS) are backup batteries that provide emergency power to electrical systems in case power becomes unavailable. They are connected between a power source (such as an electrical outlet) and the equipment to protect (such as a motor or computer). (more)
