What is a lithium ion battery charging and storage cabinet?

The new Justrite lithium ion battery charging and storage cabinet provides the ideal storage solution. Featuring ChargeGuard(TM) technology, this new cabinet was designed especially for minimizing the risks of battery fires and thermal runaway that arise when storing and charging lithium ion batteries in the workplace.

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard(TM) system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now](#)

What are lithium ion battery cabinet solutions?

To mitigate these risks, industries and institutions are turning to advanced lithium ion battery cabinet solutions. These cabinets are specially designed to safeguard against internal fires, thermal runaway, and mechanical damage. Standard storage methods are often inadequate for lithium-ion technology.

Which lithium-ion charging cabinets should I Choose?

Asecos provides two reliable lithium-ion charging cabinets to fit your specific needs. Both options offer exceptional fire protection and safety features, ensuring secure storage and battery charging. This guide will help you choose the right cabinet size for your space and capacity requirements.

Our distinguished range of products includes residential energy storage systems, versatile wall-mounted lithium batteries, dynamic stacked lithium batteries, adaptable rack-mounted lithium ...

Buy lithium-ion battery charging cabinet (#CB231703JR) for safe, fireproof storage and charging of your Li-ion batteries. 8-receptacle power strip. All our products are made in the USA.
