Is South America a key player in the lithium-ion battery industry?

As the global demand for electric vehicles (EVs) and renewable energy storage grows, South America is emerging as a key player in the lithium-ion battery industry. The region is home to some of the world's largest lithium reserves, particularly in Argentina, Bolivia, and Chile--often referred to as the "Lithium Triangle."

What are the top 10 lithium-ion battery manufacturers in South America?

This article explores Top 10 Lithium-Ion Battery Manufacturers In South America; CATL, Companhia Brasileira de Lítio (CBL), YPF-Tec, BYD, LG Energy, Panasonic, SQM, EnerSys, Duracell, and Saft. Last Updated on February 21, 2025

Where are lithium batteries made?

The region is home to some of the world's largest lithium reserves, particularly in Argentina, Bolivia, and Chile--often referred to as the "Lithium Triangle." In recent years, several manufacturers in South America have been developing lithium-ion battery production capabilities to meet the increasing demand for sustainable energy solutions.

What is the market for lithium & lithium ion (Lib)?

The most important market for lithium and LIBs is in electric vehicles (EV). The electrification of the transport sector is considered crucial for the global agenda of addressing climate change; the transport sector alone is responsible for a quarter of global energy related CO 2 emissions (IEA, 2020a).
