What is a safety data sheet?

Safety Data Sheets are a sub-requirement of the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard, 29 CFR Subpart 1910.1200. This Hazard Communication Standard does not apply to various subcategories including anything defined by OSHA as an "article".

Do I need a safety data sheet?

Therefore there is no obligation to supply a safety data sheet according to Regulation (EC) No 1907/2006, Article 31. The headings used in this safety data sheet are in line with Annex II of Regulation (EC) No 1907/2006 as amended by Regulation (EU) 2020/878. This information is provided as a service to our customers.

What does SDS stand for?

We are a leading provider in stored power solutions utilized by energy leaders in offshore, telecom, energy-services, utilities, oil & gas, data centers, motive power, material handling, distribution and manufacturing industries. Have a question? Receive Safety Data Sheets (SDS) for Batteries and Chemicals, including MSDS Sheets.
