Is Manila Electric selling a 40% stake in a solar power subsidiary?

MANILA -- Philippine power generator and distributor Manila Electric Co MER.PS is selling a 40% stake in a solar power subsidiary to global investment firm Actis for \$600 million, the company said on Friday. Proceeds will be used for the joint development and expansion of the Terra Solar energy storage project, Manila Electric said in a statement.

How much solar power will be installed in Luzon?

A total of 3.5 GW of solar capacity and 4.5 GWh of battery energy storage systems (BESS) will be installed on the island of Luzon, about 100 km (62 mi) from Manila, across a 3,500-acre site. The hybrid park is expected to produce enough electricity to meet the needs of about 2.4 million households.

What is the world's largest solar power project?

To build the world's largest solar power project, Terra Solar, the Philippines' largest distribution company, Manila Electric Company (Meralco), established a strategic partnership with Actis of the UK on the 6th. This partnership has secured the largest

Will Actis buy mterra solar?

It follows an initial agreement from last September that enabled Actis to buy a stake of an undisclosed size in the Terra Solar project. Also known as MTerra Solar, the scheme will create what is said to be the largest integrated renewables and energy storage complex globally.
