Is Exodus a good solar power station?

If you're looking for an entry level but budget friendly Power Station, the Exodus 1500 would be an excellent choice. This solar power station is the most affordable I've seen, offering quality at under 30 cents per watt-hour. Does it support pass-through charging? Can I use third party solar panel? What types of battery does OUPES use?

Is Poplar Prepper a good solar power station?

Poplar Prepper If you're looking for an entry level but budget friendly Power Station, the Exodus 1500 would be an excellent choice. This solar power station is the most affordable I've seen, offering quality at under 30 cents per watt-hour. Does it support pass-through charging? Can I use third party solar panel?

What is the cheapest solar power station?

Exodus 1500 does have all the basic stuff that you need out there, definitely the cheapest I've ever seen. Poplar Prepper If you're looking for an entry level but budget friendly Power Station, the Exodus 1500 would be an excellent choice. This solar power station is the most affordable I've seen, offering quality at under 30 cents per watt-hour.
