What is a lithium ion battery charging and storage cabinet?

The new Justrite lithium ion battery charging and storage cabinet provides the ideal storage solution. Featuring ChargeGuard(TM) technology, this new cabinet was designed especially for minimizing the risks of battery fires and thermal runaway that arise when storing and charging lithium ion batteries in the workplace.

What types of storage cabinets are available for lithium-ion batteries?

Various cabinet sizes and equipment variants are available for the safe storage of lithium-ion batteries. There are safety cabinets that are used exclusively for the passive storage of batteries, as well as those that allow both the storage and charging of lithium-ion batteries.

What are Justrite Li-ion battery charging and temporary storage cabinets?

The new Justrite li-ion battery charging and temporary storage cabinets were designed to reduce the risks of battery fires and thermal runaway.

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard(TM) system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now](#)
