Who is EPC KSA?

As a full-service fire fighting contracting company, we handle everything from engineering to execution: We've successfully delivered complex fire safety projects for ARAMCO, SABIC, and top construction firms across Saudi Arabia. If you need a reliable partner for end-to-end fire safety delivery--EPC KSA is your answer

Why do you need a fire extinguisher service in Saudi Arabia?

This service is especially crucial for companies aiming to pass Saudi Arabia Civil Defense inspections or ISO audits. We supply and maintain a wide range of fire extinguishers, ensuring you have the right tools for any fire emergency. We supply all fire extinguisher types including water, foam, CO2, powder, and wet chemicals.

Does EPC KSA have a fire detection system?

EPC KSA successfully implemented an advanced fire detection system at a major ARAMCO facility. The system's rapid response capabilities have significantly enhanced safety, ensuring the protection of both personnel and assets. "EPC KSA provided an exceptional fire detection solution for our facility.

Why should you choose EPC KSA?

At the SABIC industrial complex, our integrated fire and gas detection system has been instrumental in maintaining a safe working environment. The system's reliability and performance have received high praise from the client. EPC KSA successfully implemented an advanced fire detection system at a major ARAMCO facility.
