What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What is a solar container?

Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility.

What is polinovel utility scale energy storage battery system?

Polinovel utility scale energy storage battery system incorporates top-grade LiFePO<sub>4</sub> battery cells with long life, good consistency and superior charging and discharging performance. Moreover, with efficient thermal management design and fire protection system, it ensures reliable performance and the highest level of safety.

Why should you choose polinovel energy storage battery system?

Moreover, with efficient thermal management design and fire protection system, it ensures reliable performance and the highest level of safety. Polinovel energy storage battery systems have a modular design that allows it to adapt to a variety of industrial and commercial scenarios.
