What is Solar Quote System?

The Solar Quote system is a tool that allows you to create user-selectable options for your quotes, such as size, model, roof type, panels, inverter, and many more. You can customize the look of your quote with your own logo, branding, payment terms, and optional extras. Solar Quote system runs in the cloud and is secure.

What is independent photovoltaic power generation?

Independent photovoltaic power generation is also called an off-grid photovoltaic system, which is different from a grid-connected system by adding a controller, battery, and AC inverter. Sunrise company China has thousands of solar system solutions, focusing on the design of the distributed photovoltaic system.

How Sunrise Energy Co Ltd ensure battery quality?

Through perfect supply system and quality system, Sunrise Energy Co Ltd ensures the battery quality at the raw material end of the module. The photovoltaic power generation system is divided into an independent photovoltaic system and a grid-connected photovoltaic system.

How does the Solar Quote system work?

The Solar Quote system allows you to add your own logo, branding, payment terms, and optional extras. It runs in the cloud and is secure, requiring only a web browser or mobile device for access. Organize and search all your quotes in one place with the Solar Quote system. Integrated with Accounting system Xero for easy invoice management.
