-----

The spa pulley is designed to efficiently transfer power in solar powered systems. It consists of a wheel with a grooved rim and a rope, belt, or chain that runs along the groove to transmit motion.

Solacraft has a standard line up of solar trailers suitable for all remote power applications such as wireless radio communication, wireless networking, closed circuit television (CCTV) and lighting.

X-SPSB01 is a cutting-edge outdoor smart solar-powered control box designed to deliver reliable, sustainable, and autonomous power and connectivity solutions for remote or off-grid applications.
