Can you get incentives to install solar on your property?

On-site solar: Homes, businesses, multifamily buildings, and municipalities can get incentives to install rooftop or ground-mounted solar on their property to generate their own renewable energy.

Why should you buy a solar system?

Flexible financing and low monthly lease options can help you secure the best price for your solar system. By installing solar panels, you can also reduce your reliance on traditional energy sources. Power your home with emissions-free, renewable energy directly from the sun.

Why should you install solar with Powerwall?

When you install solar with Powerwall, the Tesla app gives you control over all the products in your Tesla ecosystem. Decide if you want to optimize your generated energy for savings, backup protection--or both. See how much energy your system is generating, how it's being used and how much it's helping you save.

Can solar energy save New York City?

Solar technologies can capture a reliable, renewable source of energy that reduces demand on New York City's electrical grid and reliance on other fuel sources. Solar panels can generate electricity, capture and store thermal energy, and they may even take the place of more conventional building materials.
