-----

At its core, the project combines lithium-ion batteries with solar arrays - but calling it a "solar-plus-storage system" is like describing a Tesla as a golf cart with better upholstery.

The repository includes the full text of contracts; plain language summaries of each contract's key social, environmental, human rights, fiscal, and operational terms; and tools for ...

South Tarawa, the bustling capital of Kiribati, faces unique energy challenges due to its remote location and reliance on imported diesel. With rising fuel costs and climate vulnerabilities, ...
