Is Southeast Asia a good place to invest in energy storage?

Image: ACEN. There has been an uptick in energy storage investment in Southeast Asia, a region still largely powered by coal and experiencing high growth in population and energy demand. Andy Colthorpe speaks with companies working to establish a framework of opportunities in the region.

Will Sembcorp build Southeast Asia's largest energy storage system?

Sembcorp Successfully Commissions Southeast Asia's largest Energy Storage System", December 23, 2022. Based on independent assurance provider DNV's global database of 4,210 ESS projects totalling 32GWh and publicly available information as of January 5, 2023 for a comparable size utility-scale ESS (same or higher rating and same design).

What is Sembcorp energy storage system (ESS)?

Singapore, February 2, 2023 - Sembcorp Industries (Sembcorp) and the Energy Market Authority (EMA) today officially opened the Sembcorp Energy Storage System (ESS). The Sembcorp ESS is Southeast Asia's largest ESS and spans across two hectares of land in the Banyan and Sakra region on Jurong Island.

How does EMA facilitate ESS adoption in Singapore?

EMA's Accelerating Energy Storage for Singapore (ACCESS) programme facilitates ESS adoption in Singapore by promoting use cases and business models with industry partners and other government agencies. For more information, please visit:

Dec 17, 2022 · ;The IEA's 2022 Southeast Asia Energy Outlook reported that under stated policies by the ten countries in the ASEAN region, three-quarters of that increasing demand will be met ...
