-----

We are building the concept of an independent power station based on "Storage as the Source, Users as the Grid," breaking through the barriers of energy dependency and transmission.

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal ...

It excels in environments without solar power but can also integrate with grid-tied and DC solar systems, thanks to its high voltage MPPT range. It's equipped with Wi-Fi and network ...

MILE SOLAR's state-of-the-art three-phase power inverter is specifically designed to meet the demands of off-grid applications, providing seamless integration and enhanced performance ...

Suitable for both on-grid and off-grid scenarios, our cabinets convert fluctuating energy prices into predictable costs, ensuring uninterrupted power supply for production lines even during grid ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal ...

We provide solar-powered and hybrid systems engineered for remote or stand-alone applications. These systems are ideal for areas prone to lengthy weather-related outages or where grid ...

With a capacity of 114KWH and a power output of 50KW, it ensures a stable energy supply, peak shaving, and load-shifting capabilities. The 114KWH ESS energy storage cabinet is the perfect ...
