Who owns Timor Gas & Osaka Gas?

Timor GAP, Timor-Leste's national oil company, owns a majority 56.56 percent share, while Osaka Gas controls the remaining 10 percent. The field boasts an estimated 5.1 trillion cubic feet (Tcf) of dry gas and 226 million barrels of condensate, positioning it as a vital economic asset for both nations.

Who owns the Greater Sunrise gas field in Timor-Leste?

The Greater Sunrise gas field is operated by Woodside Energy, which holds a 33.44% stake. Timor GAP, Timor-Leste's national oil company, owns a majority 56.56 percent share, while Osaka Gas controls the remaining 10 percent.

Could exploitation boost Timor-Leste's economic sovereignty?

Successful exploitation could generate sustainable income streams and bolster the country's economic sovereignty. In November 2024, Timor-Leste and Australia finalized a landmark agreement, resolving long-standing issues that had delayed the development of the Greater Sunrise gas field for decades.

What natural resources does Timor-Leste have?

Beyond Greater Sunrise, Timor-Leste is endowed with abundant natural resources, including oil, gas, and minerals. The Bayu-Undan field has been a cornerstone of the nation's hydrocarbon revenues, though it is nearing depletion.

Battery Energy Storage Cabin Intelligent Manufacturing Project With the core objective of improving the long-term performance of cabin-type energy storages, this paper proposes a ...

What is the Timor-Leste solar power project? The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power ...

We offer OEM/ODM solutions with our 15 years in lithium battery industry.. What is a containerized energy storage system?The Containerized energy storage system refers to ...

How much energy can Timor-Leste generate? The final report was delivered in May 2010, and it estimated the nationwide hydro-electric generation potential at 252 MW, rising to 352 MW if ...

Current Energy Storage Initiatives in Dili As Dili, the capital of Timor-Leste, accelerates its renewable energy transition, energy storage projects under construction in Dili are gaining ...

Santos and another oil firm pooling resources for CCS project off Timor-Leste Australian energy giant Santos and its joint venture partners have inked a memorandum of understanding (MOU) ...

Dec 4, 2025&nbsp;&#0183;&nbsp;&nbsp;Finder Energy has agreed to acquire the Petrojarl I floating production, storage and offloading (FPSO) vessel from Amplus Energy for \$15 million in cash and shares, in a move ...

Which energy storage battery is best in East Timor Will Timor-Leste's first solar power project integrate with a battery energy storage system?In a landmark moment for Timor-Leste's ...

A key objective is to ensure that the imple-mentation of the government's rural energy programs provides equitable distribution of benefits. In Timor-Leste the Secretary of State for Energy ...

Dec 3, 2025&nbsp;&#0183;&nbsp;&nbsp;DILI, Timor-Leste - November 25, 2025 --Timor-Leste has launched its most ambitious clean energy initiative to date, signing a Letter of Intent (LOI) with Singapore-based ...

San Salvador containerized energy storage company We innovate with solar photovoltaic plant design, engineering, supply and construction services, contributing to the diversification of the ...

Jun 19, 2023&nbsp;&#0183;&nbsp;&nbsp;First-utility scale renewable project in Timor-Leste Design, build, finance, operation and maintenance of a [72-85] MW solar photovoltaic plant ("Solar PV Plant"), a [36-42.5] MW/1 ...

Dec 3, 2025&nbsp;&#0183;&nbsp;&nbsp;Australian junior Finder Energy has secured the Petrojarl I floating production, storage and offloading (FPSO) vessel for its Kuda Tasi and Jahal (KTJ) oilfields project ...

Containerized Battery Energy Storage Systems (BESS) are essentially large batteries housed within storage containers. These systems are designed to store energy from renewable ...

Jan 23, 2025&nbsp;&#0183;&nbsp;&nbsp;Moreover, the project demonstrates Timor-Leste's ability to manage complex bilateral and multilateral relationships, showcasing its readiness to contribute to ASEAN's ...
