

- May 2024 Foreword by Yonna Vittonova, Senior Policy Analyst The pipeline of battery storage ...

Nov 28, 2022 · Five energy storage projects across the UK will benefit from a share of over £32 million government funding.

Nov 9, 2024 · Three new UK battery energy storage systems (BESS) and a 150 MW capacity solar farm have won government approval.

Jun 5, 2024 · A large lithium-ion battery storage project that contributes to grid stability and supports the integration of renewable energy, Leighton ...

Dec 2, 2025 · RWE has taken a final investment decision on its largest UK storage project, Pembroke Battery Storage, with construction set to start next year. The UK's leading electricity ...

Dec 2, 2025 · SunGrow has been selected as technology provider for the Thorpe Marsh Battery Energy Storage System (BESS), which will become the UK's largest battery project when it ...

6 days ago · RWE, the largest power producer in Wales, has taken the final investment decision to go ahead with its largest UK storage project, Pembroke Battery Storage. The circa £200m ...

1 day ago · Discover the biggest commercial battery storage UK projects in 2025, including NatPower's Teesside GigaPark, Statera's Carrington, RES's Coalburn etc.

3 days ago · These forward-looking statements include, without limitation, statements regarding the anticipated operational performance of these energy storage systems, including duration, ...

Feb 20, 2025 · The 500MW/1,000MWh Coalburn project in Scotland, UK, currently under construction. Image: CIP. Despite a 12% year-on-year fall in the capacity of newly submitted ...

Nov 20, 2025 · In this Energy-Storage.news roundup, Energy Vault enters the Swiss energy storage market, ZincFive raises Series F financing, and ...

Jan 30, 2025 · Fidra Energy, a European battery energy storage system (BESS) platform owned by institutional investor EIG, has received ...

Feb 20, 2025 · The 500MW/1,000MWh Coalburn project in Scotland, UK, currently under construction. Image: CIP. Despite a 12% year-on-year fall ...

Jul 5, 2024 · The Optimal Point for UK Energy Storage: 200-500 MW The battery storage capacity in the UK has significantly increased, evolving from under 50 MW a few years ago to today's

...

Jun 10, 2021 · Major developers of UK energy storage projects include EDF, Pivot Power, Statera, and RES, with each company active in several power supply and flexibility markets, providing

...

UKESTO showcases national energy storage innovation, describing energy storage facilities in the UK and providing data from test beds.
