What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

What is included in a battery cabinet?

Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS), HVAC thermal management system and auxiliary distribution system. Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box.

Can a liquid cooled and air cooled cabinet be paired together?

Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box. Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid, hybrid, off-grid commercial/industrial or utility scale battery energy storage system.
