Who is PT modular energy Indonesia?

We provide innovative system integration for BESS,PCS,and Advanced UPS. PT Modular Energy Indonesia specializes in integration of innovative energy storage solutions,focusing on battery energy storage system (BESS) and power conversion systems (PCS). BESS Indonesia system integrator.

What is Indonesia's first & largest containerized battery energy storage system?

Indonesia's First & Largest Containerized Battery Energy Storage System. Off-grid solar energy system at PT Cipta Kridatama equipped with CBESS. The CBESS solar energy system at PT Cipta Kridatama Jambi operates off-grid,making it a reliable,self-sustaining energy source without dependence on the national electricity grid.

What is a pre-configured energy storage system?

Compact and Scalable: The pre-configured system allows for rapid deployment and easy expansion, making it ideal for utility-scale storage, behind-the-meter applications, and hybrid energy storage systems.

What is a modular energy system?

Modular systems allow scalability for different energy needs. Outdoor-rated enclosures (e.g.,NEMA 3R,IP65) protect against weather and environmental hazards. Compatible with renewable energy sources,grid-tied systems,or off-grid applications. Supports various configurations (single-phase or three-phase).

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, ...
